

# Federation Newsletter

## September 2021

### Welcome

A warm welcome is extended to all of our new children and families and our returners to Valley/Sandbank Nursery School. The staff are here to help and support your children so feel free to come and talk to us if you have any worries. You may not know that Sandbank Nursery and Valley Nursery School work closely together as a federation. This means that we share staff and resources and ideas.

### Covid-19

We are continuing with our Covid procedures in school as follows:

- Hygiene Practices/Hand Washing/Sanitising
- Limiting visitors into the school
- Daily cleaning conducted by Lisa/Sharon
- Prompt advice taken from Public Health
- Well-Ventilated rooms
- Year Group Bubbles maintained

We are sorry to say we are not inviting parents into school until further notice, as advised by public health.

If your child develops symptoms you are advised to take a PCR test. Please keep us informed of this. We will keep you updated if any of our staff or children are affected.
